KIMBA M. WOOD, United States District Judge:

In light of the parties' request for an adjournment of the dates set forth in the Court's July 31, 2024 Scheduling Order, that Order is hereby amended as follows:

August 23, 2024 – each party must file with the Court a summary of the information each seeks in discovery

September 12, 2024 – the close of discovery

September 18, 2024 – deadline for providing the Court with affidavits that will serve as each party's direct testimony. The Court will allow live testimony only for cross-examination and redirect examination

September 20, 2024 – To the extent that a party claims that its opponents offer direct testimony that is extraneous to issues to be decided in the case, objections to the extraneous material are due no later than September 20, 2024

September 26, 2024 – the hearing will begin at 10:00 a.m. It will begin with plaintiffs' cross examination of defense witness(es). The parties are directed to initially share the cost of ordering daily copy of the transcript of the hearing, with the cost to be assessed finally as the Court directs.

October 1, 2024 – deadline for filing any post-hearing submissions

The Court notes that the issues to be decided in this case are narrow ones, and that the parties have already briefed these issues. Thus, no submission shall exceed 8 pages.

The Court expects the hearing to take no longer than 4 hours. At the hearing, the Court expects each party to question witnesses regarding important points first, as the Court may cut off testimony if the Court deems further live examination not useful. The hearing will continue from day to day in the unlikely event that the Court deems it necessary.

SO ORDERED.
